Final Interview with Scientific Keynote Speakers:

Taking a closer look at the efficacy of incentives

Forest communicators urged to use science-based facts to fight fake news
Facts are vital tools for communicators striving to help the public understand critical issues such as climate change and the forest sector, according to a session on communication during the 125th Anniversary Congress of the International Union of Forest Research Organizations (IUFRO). Read here: http://blog.iufro.org/2017/09/20/forest-communicators-urged-to-use-science-based-facts-to-fight-fake-news

Don’t miss these sub-plenary sessions on Thursday, 21 September!
http://sepla.intercongress.de/I0WulMB1puwXSUHzXQcUpW/$/

- **Our Future Forests**
  International Forestry Students’ Association (IFSA)
  Where: Rolf Böhme Saal (Konzerthaus Freiburg)
  When: 21 Sep 2017, 13:30-15:00

  IUFRO Division 7, Forest Health
  Where: KG II - Auditorium Maximum (Uni Freiburg)
  When: 21 Sep 2017, 13:30 - 15:00

Also, the **IUFRO-EFI Young Scientists Initiative** will be launched on 21st of September at 12:00 - 12:45 in the Konzerthaus (room K 2-4): http://sepla.intercongress.de/L5wSbY~2BKsuo787Cmxa/$/
**Book Launch: A History of IUFRO Congresses, Forest Research and Russia’s Participation**

Today a monograph by Victor K. Teplyakov and Valentin S. Shalaev (Translation of the 2d Russian edition of 2015, Seoul 2017) was launched at the IUFRO Anniversary Congress. The book is a history of the establishment, major developments and Congresses of the International Union of Forest Research Organizations (IUFRO), and the participation of Russian forest scientists, researchers, managers and specialists in IUFRO activities. Interesting facts and previously unpublished documents and photographs are presented. Find out more: [https://www.iufro.org/publications/general-publications/article/2017/09/20/a-history-of-iufro-congresses-forest-research-and-russia-s-participation/](https://www.iufro.org/publications/general-publications/article/2017/09/20/a-history-of-iufro-congresses-forest-research-and-russia-s-participation/)
